

Cedar Mountain Families,

On April 23rd, we were notified by the Minnesota Department of Education that schools will remain in Distance Learning for the remainder of the 2019-2020 school year. This information is disappointing as we miss seeing our students and we know our students miss the daily interactions that school provides. As a district however, we are committed to doing everything we can to provide our students top notch Distance Learning for the remainder of the school year. I appreciate the tremendous effort that has been put forward by our staff, students and families and I am confident that Cedar Mountain will continue to make the best of this difficult situation.

As we move forward with this new information, you certainly will have questions on a variety of topics including events scheduled to take place. We have had many conversations as a district about this possibility and will be finalizing plans for the all of things affected by the closure. Please be assured that in the coming days we will communicate our plans with those affected so that they can plan accordingly.

May 1st and May 4th will not be Distance Learning days for students. Staff will be utilizing these days to prepare materials for the remainder of the year. Meals and essential care will be provided these days.

Please know that Cedar Mountain will continue to be a source of support during the remaining 5 weeks of school. Meals will continue to be served daily and staff will be available to support students with their educational and social-emotional needs. Please be sure to reach out with the questions you may have.

Sincerely,

Rob Brandl
Superintendent
Cedar Mountain Schools
